THE PLANTING SEASON

Evergreen Trees and Shrubs are successfully transplanted in August, September and October. Deciduous Trees, Shrubs and Vines may be planted as soon as the leaves start dropping—usually in late September—until the ground freezes—generally in early December.

SHIPPING DIRECTIONS

Parties ordering are requested to state explicitly the mode of conveyance by which they desire their stock forwarded. When no route is designated, we exercise our judgment; but in no case do we assume any responsibility after packages are shipped, unless for our own mistakes. When losses occur by detention, claims should at once be made on the transportation company.

Certificate of Inspection accompanies every Shipment.

CONDITIONS OF SALE

1. The articles on the following list will be furnished at the annexed prices only when the quantity specified shall be taken. FORTY of the same variety and size will be furnished at the hundred rate; and FIVE at the ten rate. The prices stated are for stock of our selection. Purchasers desiring to select specimen stock must expect to pay higher prices.

2. We give no warranty, expressed or implied, as to quality, description, productiveness, or any other matter of any nursery stock that we sell. No complaints as to shortages, quality of stock, or faulty packing will be considered unless made within five days after receipt of stock.

3. The prices annexed are for the stock F. O. B. our nurseries. They do not include the packing boxes or bales. We charge for the actual cost of the boxes or the material used in baling except on orders paid in full in advance. We make no charge for the delivery of shipments to the freight or express stations.

4. This price list cancels all previous lists. We reserve the right to change the annexed prices at any time without notice.

5. Our terms are net cash, unless by special arrangement. We will ship by Express C. O. D. when desired, with charges for collection added to the bill—provided 50 per cent of the amount of the order accompanies the order as a guarantee. All charge accounts thirty days overdue will accrue interest at the rate of six per cent per year beginning with the thirty-first day.

FALL 1921 PRICE LIST

3

HARDY EVERGREEN TREES

The stock of evergreens herein listed has been very carefully grown. Not only have the tops been pruned so as to make them into fine specimens, but the ROOTS also have been PRUNED and the plants themselves have been TRANSPLANTED several times. This results in a mass of fibrous roots which is the deciding factor in the successful planting of evergreens. For this reason our evergreens should not be confused with quickly and cheaply grown, non-pruned and non-transplanted stock. A trial of our evergreens will easily convince.

We always Ball and Burlap our evergreens at No Additional Cost.

PLANT FANCIERS

A careful perusal of this price list will reveal a multitude of plants which will be found to be very beautiful and interesting. Some are new, others are rare, while still others which we have grown for many years are not well known to the general public. All of these sorts are grown with the greatest care and attention. We shall be glad to have you examine them at our nurseries.

RHODODENDRONS

Our stock comprises the native varieties, Catawbiense and Maximum as well as the hardiest of the Catawbiense Hybrids. To this list we have recently added Rhododendron Carolinianum, a native sort of great hardiness and beauty, and Rhododendron catawbiense compacta, an interesting hardy, dwarf variety.

RHODODENDRONS—HARDY HYBRID VARIETIES

If upon receipt of order we are sold out of the item ordered we shall fill the order with the variety most nearly resembling the desired sort UNLESS OTHERWISE SPECIFIED in the order.

Owing to the scarcity of Hybrid Rhododendrons and to our comparatively low prices in spite of this scarcity we reserve the right to refuse any considerable order for Rhododendrons unless accompanied by an order for a fair amount of other material.

BUY TIME

When you buy nursery stock in the larger sizes you are buying time. Buy big trees and get the benefit of them YOURSELF. The largest trees we list will transplant successfully, because they are grown with heavy root systems.

DECIDUOUS FLOWERING AND ORNAMENTAL SHRUBS

Varieties marked "B&B" are always dug with Ball and Burlap at No Additional Cost.

WILSON'S CHINESE COTONEASTERS

Few recent additions to the horticulture of America have met with as much popularity as have the CHINESE COTONEASTERS introduced by Mr. E. H. Wilson, Asst. Director of Arnold Arboretum. These shrubs are all valuable for their profusion of flowers and fruits and some for their glossy, semi-persistent leaves. We take pleasure in offering the following species to those who appreciate new and valuable plants.

COTONEASTER divaricata—*Red Flowers and Fruit*

15 to 18 in. light..... 60 5 00

foveolata—*Red Flowers, Black Fruit*

15 to 18 in. light..... 60 5 00

horizontalis—*Red Flowers and Fruit, prostrate Habit*

15 to 18 in..... 50 4 00

18 to 24 in..... 60 5 00

hupehensis—*White Flowers, Red Fruit*

12 to 15 in. light..... 60

lucida—*Purplish Black Fruit*

18 to 24 in. light..... 60 5 00

COTONEASTER—continued		Each	Per 10	Per 100
<i>microphylla</i> — <i>Red Flowers and Fruit, Prostrate Habit, Very Small Leaves</i>				
12 to 15 in.....	50	4 50		
15 to 18 in.....	60	5 00		
<i>nitens</i> — <i>Red Flowers, Black Fruit</i>

<i>magnifica</i>		<i>American Wistaria</i>	
2 yrs.	60	5 50	45 00

QUICK DELIVERY

In these times of slow transportation quick delivery may be obtained by having your goods shipped by Motor Truck. Long distance trucking of sizable orders is little more expensive than freight, less expensive than express and quicker than express. The goods arrive in better condition for they do not have to be jammed into packing cases. The bother and expense of cartage at the receiving end is also done away with.

ROSES

Two-year field-grown plants \$1.00 each; \$8.50 per ten.

If we are out of the variety ordered we shall select the variety most nearly approaching the color of the desired sort UNLESS OTHERWISE SPECIFIED.

HYBRID PERPETUAL

AMERICAN BEAUTY—Crimson.

FISHER HOLMES—Large. Brilliant crimson.

FRAU KARL DRUSCHKI—Large. Pure white.

GEN. JAQUEMINOT—Brilliant crimson.

HARRISON YELLOW—Yellow.

HUGH DICKSON—Brilliant crimson. Fragrant.

LOUIS VAN HOUTTE—Red. Fragrant.

MME. GABRIEL LUIZET—Silvery pink. Fragrant.

M. P. WILDER—Large. Carmine. Fragrant.

MRS. JOHN LAING—Soft pink. Large. Fragrant.

PAUL NEYRON—Deep rose, very large.

PERSIAN YELLOW—Yellow.

PRINCE CAMILLE DE ROHAN—Dark red.

ULRICH BRUNNER—Brilliant cherry red.

HYBRID TEA ROSES

GEN. MACARTHUR—Large. Sweet. Crimson-scarlet.

JUBILEE—Large. Velvety crimson. Fragrant.

KAISERIN AUGUSTA VICTORIA—Cream white. Fragrant.

KILLARNEY—Deep shell-pink.

KILLARNEY WHITE—Pure white, long pointed buds.

MME. CAROLINE TESTOUT—Large. Double. Pink.

MRS. W. C. MILLER—Soft pearly blush, rosy salmon outside.

NEW ROSE INTRODUCTIONS

The following sorts are the best of the newer roses and will be greatly appreciated by all rose-lovers.

\$1.25 each; \$11.00 per ten.

COLUMBIA—Most pleasing brilliant rose pink, perfect form, fragrant, vigorous and free-blooming.

HADLEY—Deep velvety crimson, does not fade, enormous flowers perfectly formed and sweet-scented.

Quality Nursery Stock

Experience has proved that it is unprofitable to plant any but the best grade of Nursery Stock. The cost of transportation, the cost of planting and after care—whether paid in money or in physical effort—are too great to lay out on plants that will fail to fulfill their purpose and which will require that the work be done over in a short while.

At the most, the initial saving in buying poorly grown stock is small—in any case less than the cost of buying new plants and the cost of replanting.

Save yourself time, money and effort. Buy plants that have been grown by experts, on properly selected soil, in a rugged climate. Buy plants that have been properly pruned and trained to give immediate effect. Buy plants that have root systems sufficient to assure transplanting success—buy Framingham Nursery Stock.

OUR LOCATION

FRAMINGHAM NURSERIES are located in Framingham, Mass., about 20 miles from Boston and from Worcester, on the main line of the Boston & Albany division of the New York Central R.R. Also on the New Haven R.R.

Nearly all of the trains to Boston from the West and from New York by the way of Springfield stop here. Trains leave the South Station, Boston, for Framingham every fifteen or twenty minutes.

We are situated about two miles from the Framingham station. We are reached from that point by the Boston-bound cars of the Boston & Worcester Street Railway Co. Ask the conductor for the FRAMINGHAM NURSERIES STOP. Phone us from the Framingham station and we will meet you there.

From Boston we may also be reached by any local car of the Boston & Worcester Street Railway Co. which goes as far as Framingham Junction. These cars leave from Park Square. Ask the conductor for our stop. From Worcester, any Boston-bound local car will leave you at our stop.

By motor from the West, turn from the New York & Boston Motor Road to the right at East Sudbury and continue for about three miles. From Boston take Commonwealth Ave. to its end, then South St. for about seven miles. You can't help seeing our swinging sign.

Visitors are cordially invited to inspect our nurseries on week days. We are POSITIVELY CLOSED TO BUSINESS ON SUNDAY.
